

THE ASSOCIATION

Representing companies active in the EAFA Roller Group, EAFA Container Group and EAFA Rewinder Group

40+

 member companies

Roller Group:

Members are the originators and suppliers of the plain aluminium foil and thin strip materials which are then processed by converters, container or household foil manufacturers.

Rewinder Group:

Members are the producers of aluminium household foil for the retailing sector as well as for catering.

Container Group:

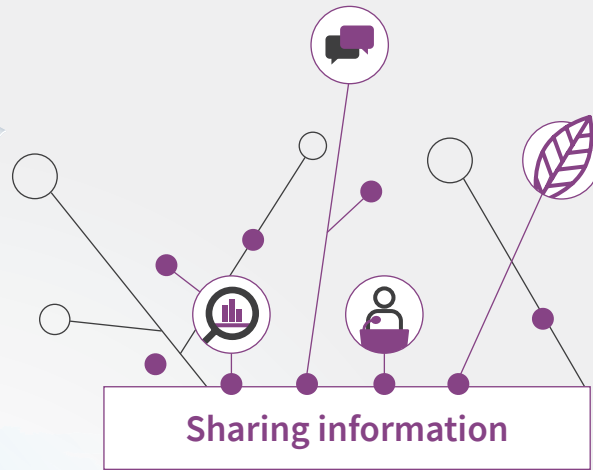

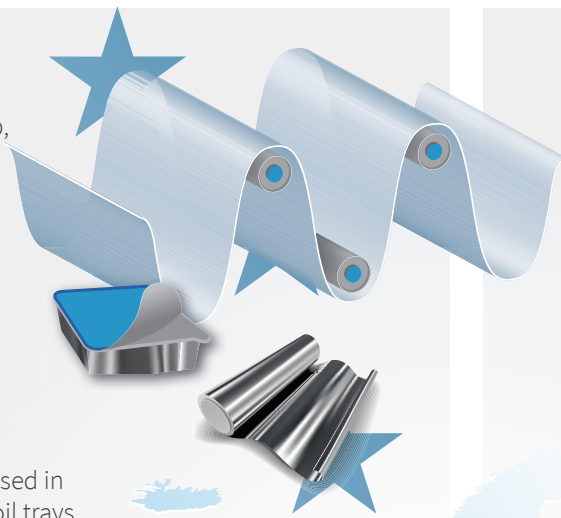

Members are specialised in the manufacture of foil trays and dishes as well as lidding materials and systems which help their customers, food processors and retailers, pack and present their products to the public.
